

Writing Activity: Position Paper

Directions: Create an environmental report card for your town, grading it in categories that you think are important, such as general awareness of ecological issues, recycling, and so on. Then gather information by interviewing city officials or longtime residents on how things have changed in the last ten years. What's better?

What's worse?

Use a chart similar to the one on the following slides to help you organize your information.

Writing Activity: Position Paper

Category	Grade	Changes in Past Ten Years
Awareness of ecological issues		
Recycling
